How is our district doing overall?

Accountability & assistance levels	Overall progress in narrowing gaps										
<div style="border: 2px solid black; padding: 5px; display: inline-block; margin-bottom: 10px;">No level</div> <p>Students in grades 3-8 participated in 2017 Next Generation MCAS tests</p> <p>Most schools are assigned a level from 1-5, with those meeting their proficiency gap-narrowing goals in Level 1 and the lowest performing in Levels 4 and 5. A district is typically assigned a level based on the level of its lowest performing school. Placing schools and districts into levels helps districts know which schools need more support, and helps the state know which districts need the most assistance. <p>District determination of need for special education technical assistance or intervention</p> <div style="background-color: #90EE90; padding: 10px; display: inline-block; margin: 10px auto; width: 80%;"> Meets Requirements-At Risk (MRAR) </div> <p>Districts, including single school districts, are assigned a determination of need for special education technical assistance or intervention. These determinations, which are typically based on the district's accountability and assistance level, range from <i>Meets Requirements - Provisional</i> (districts with insufficient data) to <i>Needs Substantial Intervention</i> (Level 5 districts). The determination, which also incorporates compliance measures, helps to identify whether the Department will require districts to take additional actions to support improved outcomes for all children, especially students with disabilities.</p>
