Plans for the Use of ESSER III Funds:

The United States Department of Education (USED) is requiring two plans from all recipients of ESSER III funds:

- 1) A plan for the safe return to in-person instruction and continuity of services
The requirement for this plan is likely met by your District Reopening Plan submitted to DESE in August of 2020, along with any subsequent amendments (see Tab 3 Assurances). It will need to be revisited and revised as necessary every 6 months, including soliciting stakeholder input and considering changes to CDC guidance.
- 2) A plan for the Use of ESSER III Funds, based on broad stakeholder input, and addressing the following:
 - The district's prevention and mitigation strategies, including extent district has adopted CDC recommendations (Step 4.4)
 - How the district will use its 20% reservation of ESSER III funds to address loss of instructional time with evidence-based interventions (Step 4.2 and Tab 6, Budget)
 - How the district will spend the remainder of its ESSER III funds for allowable expenditures (Tab 5) and budget (Tab 6)
 - How the use of ESSER III funds will respond to the academic, social, emotional and mental health needs of all students, especially those disproportionately impacted by the COVID-19 pandemic (Tab 4.2, Tab 4.3), including:
 - students from low-income families
 - students of color
 - English learners
 - students with disabilities
 - students experiencing homelessness
 - students in foster care
 - migratory students
 - students who are incarcerated
 - other underserved students

This application, when fully and thoughtfully completed, along with your District Reopening Plans, will constitute the plans required by USED. These plans must be published on your website and must be accessible to families in a language they understand, either translated in writing or orally, as well as in an accessible format for those with disabilities.

You should expect that DESE will be collecting data and other information from you as a result of implementation of your plans for and use of ESSER funds.

Step 4.1
of 4.4

ESSER III regulations require that the stakeholder groups below be meaningfully consulted as part of the planning process for use of ESSER III funds. Which of the following groups have you consulted with? (check all that apply)

If you have not yet consulted with this group in planning for use of ESSER III funds, when and how do you plan to get their input?

Describe how ESSER III funds, including the required 20% reservation, will be used to respond to students' social, emotional, and academic needs through evidence-based interventions, how progress will be measured, and how/if chosen interventions address disproportionate impact of COVID-19 on underserved subgroups. Step 4.3

Equitable Use of ESSER III Funds

How is your district taking educational equity into account when planning for expending your ESSER III funds?

For example,

- 1) allocating funds both to schools and districtwide activities based on student needs, and
- 2) implementing an equitable and inclusive return to in-person learning by, for example, avoiding over-use of exclusionary discipline and creating a positive and supportive learning environment for all students.

Teachers and support staff for afterschool and summer programming will be funded through the grants. The programs will target the unique needs of special student populations. Transportation will be provided to ensure students have access to the programs.

Teacher focus groups and staff professional development will focus on Diversity, Equity and Inclusion along with Social Emotional Learning.

Students will also be given access to early college and career programming.
